

Luke's Tap Walleye Tournament

Saturday, May 16th, 2026

Entry Fee: \$120 per boat (two fishermen per boat)
Includes Big Fish

Check in time: 4:30am - 5:45am (Must be checked in or in check In-line by 5:45 or your team is disqualified!)

Tournament starts at 6:00am & 6:15am

Start Columbia Park (In Pipe)

N10340 Calumet Harbor Rd Malone WI 53049

Tournament ends at 2:00pm & 2:15pm

End (you must check in at Columbia Park, whether you catch any fish or not. Must be off plane out from the green buoy or waiting in the check-in line! If you're not in on your specific time that was given to you, you will be disqualified from the tournament, but you are still eligible for door prizes, free food and music and much more!)

Any questions please don't call the bar call **Mike Goebel - 920-216-4003**

Mandatory meeting night 6pm Friday, May 15th 2026 (one person from each team must attend)

Fishermen Payout: 100% payback / based on 55 Boats / **1st place guaranteed \$1,200** / free giveaways / free food / and multiple raffles!

There will be 2 Flights on Saturday - Flights will be hand drawn before meeting night

All live wells must be open and ready for inspection which will be held at boat dock

No leaving the boat after being checked in unless it's an emergency

All fishermen must wear their life jackets in this tournament event! Only need to wear life jackets while under power at 10 mph or faster

No alcohol during the tournament hours

All other WDNR rules apply

Any fish under 15" you lose that fish and your largest fish. We will make sure we move and alternate how the fish is laying on the measuring board to make sure we hit the 15" line best as possible. If we can't hit the 15" line we will offer to one of the fishermen to get out of your boat to show us if you can hit the 15" line.

It is the fisherman's responsibility to tell the scalemaster to weigh a big fish, not the scale master's responsibility.

Walleye Only. (**NO SAUGERS**) if a team is caught with a sauger your team will be disqualified!

Winners will be determined by the greatest total weight of Walleye.
(In case of a tie, the team that weighed in the earliest wins.)

Limit of 4 fish per boat

If one of the two Captains can't fish the day of the event that's not excused from the director, the other Captain can fish but will only be able to bring in two walleye's

Example: If a partner happens to get into an accident on the way to the tournament or the week of the tournament and fishermen can't physically fish or a death in the family that only pertains to a Mom, Dad, Brother, Sister, Grandma & Grandpa will be considered an emergency!

If a team ends up not fishing with a partner in an event which means he or she is fishing alone in the boat, if that team ends up in the top ten they must fish with the partner he or she was signed up with or he or she may choose to pick a new partner from place 11th for the championship! This must be discussed with the director!

We encourage Catch and Release

Live weight will not apply in this tournament (There's no penalty for dead fish)

We will be weighing fish along the break wall in the harbor. Please stay in single file order as you're coming in! We will be handing out 4 baskets at a time. Also please put your boat number in your basket with the fish. Please watch the boats ahead of you so you know when you should be putting your fish in your box to help keep your fish alive as long as possible! Both fishermen need to stay in their boat unless we ask one of the fishermen to get out. Also wait aside of the wall until you get your weight slip, then please start moving forward to the landing dock to let off your partner to get your truck so we can keep the line moving!

All boats must check in at the end of the west dock before weighing in their fish. Please return your boat number with your fish at the weigh-in. If you don't have fish, you must return the boat number at the weigh-in station or to the check-in person at the west end of the dock by the lake, regardless. This ensures all boats are safe and accounted for. If boat numbers are not returned, \$10 will be deducted from the payout for each missing boat number.

Boats must fish on Lake Winnebago, **NO RIVERS, UPPER LAKES, AND CREEKS**

We will not allow any teams to switch out both captains for another new team to fish for them for that event at any point!

We will only allow one partner change no later than April 30th! One of the two Captains must still fish!

To Guarantee your spot year to year! There must be one or both original captains that fish every year! If you pay for your entry but both captains can't end up fishing the event you will still save your spot for the following year with the same captains only! As long as one of the main original captains keeps the spot they can sign up with one different partner if needed!

Teams may fish with different captains between Isaac's and Luke's events if needed, but the two captains signed up together hold their spot for the following year, and any team that qualifies for the Top 10 Championship must fish with the same partner they qualified with—if a team qualifies in both events, only the first event qualified counts and they must fish that championship with that partner. If a team cannot fish with their qualifying partner, the spot is forfeited and passed down to the next placing team (11th, 12th, etc.) under the same rules, unless an emergency occurs, in which case the 11th-place team provides a partner and chooses which angler they fish with.

All Entries are non refundable and we will not allow another team to take its place! For example if 55 boats sign up but only 53 boats fish, the payout will still be based on 55 boats!

In case of bad weather, the tournament will be held on Sunday, May 17th

Emergency:

Your fish must stay in your own boat, you may be towed in, but must be in by check-in time!

If there is an emergency, call directors immediately!
